

Native Bovine Calf Thymus Ro Ribonucleoprotein (Ro/SS-A)

Cat. No.: AP2F227

Product Type: Animal Proteins

Size: 0.2 mg

Product Overview

BioVenic's Native Bovine Calf Thymus Ro ribonucleoprotein (Ro/SS-A) is a native protein derived from Bovine Calf Thymus.

Specifications

Type	Native Protein
Species	Bovine
Source	Calf Thymus
Purity	≥90% (SDS-PAGE)
Predicted Molecular Weight 60 kDa	
Physical State	Lyophilized

Target Information

Ro/SS-A, also known as Ro ribonucleoprotein or Ro/SS-A antigen, is an autoantigen associated with certain autoimmune diseases, such as systemic lupus erythematosus and Sjögren's syndrome. It is typically found in the cytoplasm and nucleoplasm of cells.

Protein	Bovine Ro ribonucleoprotein (Ro/SS-A)
Protein Synonym	Ro/SS-A; Ro ribonucleoprotein; Ro/SS-A antigen

Shipping and Storage

Store at -80°C. Avoid freeze and thaw cycles.

The product is for research use only. Not for commercial, prophylactic, diagnostic, or therapeutic applications. Please determine the purpose of the product before purchasing. For further information and inquiry, please contact us.
