

## Porcine Triglyceride (TG) ELISA Kit-Sandwich

**Cat. No.:** EK11F220

**Product Type:** Animal Immunoassay Kits

**Size:** 48T;96T

### Product Overview

BioVenic Porcine TG ELISA Kit-Sandwich is designed for the quantitative determination of Porcine TG in serum, plasma, tissue homogenate, cell culture supernatant, cell lysate, and other biological fluids using a Sandwich ELISA method. For research use only.

### Specifications

Assay Type	ELISA-Sandwich
Specificity	The assay kit is specific for Porcine TG.
Target Species	Swine
Species Reactivity	Swine
Reproducibility	Intra-Assay: CV < 10%; Inter-Assay: CV < 10%
Assay Time	Around 180 min
Sample Requirement	Serum, plasma, tissue homogenate, cell culture supernatant, cell lysate, and other biological fluids;10 µL

### Target Information

Triglycerides are a type of fat in the blood. The serum triglyceride concentrations were higher in pigs receiving coconut oil and milkfat in a research.

Target/Biomarker	Porcine TG
Target Synonym	Triglyceride; TG; lipid; lipide; lipoid

### Shipping and Storage

This product is shipped with gel ice packs. It is recommended to store at 2-8 °C (Up to 6 months).

The product is for research use only. Not for commercial, prophylactic, diagnostic, or therapeutic applications. Please determine the purpose of the product before purchasing. For further information and inquiry, please contact us.
